SUBJECT:

Program for Deans, 14 April 1986

1. We would like to thank you for hosting the luncheon for the twelve deans who visited Headquarters on 14 April as guests of the Director. The program was a huge success and much of the success is directly attributable to the candor of our speakers and the warmth with which our guests were greeted at the luncheon. Many commented that their views of the CIA had changed markedly as a result of this visit.

2. Again, thank you for helping make this program such a great success.

SUBJECT: Dean's Visit, 14 April 1986

1. We request that you host a visit of university deans to Headquarters on Monday, 14 April. Last November we conducted the first such program; replacing the former visits by college presidents. The program was highly successful and provided a forum for airing our interactions with academia, as well as providing some excellent contacts for our recruiters and other components. The list of deans who have accepted our invitation for 14 April is quite impressive. (List of invitees attached.)

2. Dr. Gates has agreed to make some introductory remarks and to discuss our relationship with academia. He will be followed by presentations by each of the deputy directors. We request that you meet with the deans in the DCI Conference Room at 1530-1545 on 14 April for some closing remarks, to answer any lingering questions, and to cap, through your personal appearance, what has proven to be an extremely worthwhile interchange.

3. We have attached some suggested talking points, but the requested session is primarily social. The deans would like to meet you and perhaps share some of their observations.
